PER CURIAM:

Leslie A. Meyers appeals the district court's order affirming the Commissioner's decision denying Meyers' application for disability insurance benefits and supplemental security income. We have reviewed the record and the district court's order adopting the recommendation of the magistrate judge and find no reversible error. We find that the Administrative Law Judge ("ALJ") properly evaluated Meyers' allegations of pain, gave due consideration to Meyers' treating physician's opinion, and asked a proper hypothetical that set out Meyers' circumstances and limitations as found by the ALJ. Accordingly, we affirm. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before the court and argument would not aid the decisional process.
