PER CURIAM:

Michael J. Ferola appeals the district court's order denying relief on his 42 U.S.C. § 1983 (2000) complaint. However, he directs this court's attention to no specific errors in the district court's reasoning. Accordingly, pursuant to 4th Cir. Local Rule 34(b), we affirm the district court's order. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before the court and argument would not aid the decisional process.
