

UNPUBLISHED

UNITED STATES COURT OF APPEALS
FOR THE FOURTH CIRCUIT

No. 06-8012

JUAN RAMON AYALA,

Petitioner - Appellant,

versus

GEORGE HINKLE, Warden,

Respondent - Appellee.

Appeal from the United States District Court for the Eastern District of Virginia, at Alexandria. James C. Cacheris, Senior District Judge. (1:06-cv-00319)

Submitted: June 15, 2007

Decided: June 20, 2007

Before WIDENER, MICHAEL, and KING, Circuit Judges.

Dismissed by unpublished per curiam opinion.

Juan Ramon Ayala, Appellant Pro Se. Kathleen Beatty Martin, OFFICE OF THE ATTORNEY GENERAL OF VIRGINIA, Richmond, Virginia, for Appellee.

Unpublished opinions are not binding precedent in this circuit.

PER CURIAM:

Juan Ramon Ayala seeks to appeal the district court's order denying relief on his 28 U.S.C. § 2254 (2000) petition. The order is not appealable unless a circuit justice or judge issues a certificate of appealability. 28 U.S.C. § 2253(c)(1) (2000). A certificate of appealability will not issue absent "a substantial showing of the denial of a constitutional right." 28 U.S.C. § 2253(c)(2) (2000). A prisoner satisfies this standard by demonstrating that reasonable jurists would find that any assessment of the constitutional claims by the district court is debatable or wrong and that any dispositive procedural ruling by the district court is likewise debatable. Miller-El v. Cockrell, 537 U.S. 322, 336-38 (2003); Slack v. McDaniel, 529 U.S. 473, 484 (2000); Rose v. Lee, 252 F.3d 676, 683-84 (4th Cir. 2001). We have independently reviewed the record and conclude that Ayala has not made the requisite showing. Accordingly, we deny Ayala's motion for a certificate of appealability, deny his motion for leave to proceed in forma pauperis, deny his motion for judicial notice, and dismiss the appeal. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before the court and argument would not aid the decisional process.

DISMISSED
