

UNPUBLISHED

UNITED STATES COURT OF APPEALS
FOR THE FOURTH CIRCUIT

No. 11-7741

ELIJAH MARSHALL,

Petitioner - Appellant,

v.

WARDEN CARTLEDGE,

Respondent - Appellee.

Appeal from the United States District Court for the District of South Carolina, at Greenville. G. Ross Anderson, Jr., Senior District Judge. (6:11-cv-02591-GRA)

Submitted: February 23, 2012

Decided: February 28, 2012

Before MOTZ, DAVIS, and DIAZ, Circuit Judges.

Dismissed by unpublished per curiam opinion.

Elijah Marshall, Jr., Appellant Pro Se.

Unpublished opinions are not binding precedent in this circuit.

PER CURIAM:

Elijah Marshall, Jr., seeks to appeal the district court's order accepting the recommendation of the magistrate judge and denying relief on his successive 28 U.S.C. § 2254 (2006) petition. The order is not appealable unless a circuit justice or judge issues a certificate of appealability. 28 U.S.C. § 2253(c)(1)(A) (2006). A certificate of appealability will not issue absent "a substantial showing of the denial of a constitutional right." 28 U.S.C. § 2253(c)(2) (2006). When the district court denies relief on the merits, a prisoner satisfies this standard by demonstrating that reasonable jurists would find that the district court's assessment of the constitutional claims is debatable or wrong. Slack v. McDaniel, 529 U.S. 473, 484 (2000); see Miller-El v. Cockrell, 537 U.S. 322, 336-38 (2003). When the district court denies relief on procedural grounds, the prisoner must demonstrate both that the dispositive procedural ruling is debatable, and that the petition states a debatable claim of the denial of a constitutional right. Slack, 529 U.S. at 484-85. We have independently reviewed the record and conclude that Marshall has not made the requisite showing. Accordingly, we deny a certificate of appealability and dismiss the appeal. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials

before the court and argument would not aid the decisional process.

DISMISSED
