PER CURIAM:

Daniel A. Young, Sr., appeals the district court's order denying relief on Young's civil complaint. We have reviewed the record and the district court's opinion and find no reversible error. Accordingly, although we grant Young's motion to expedite the appeal to the extent possible given the court's busy docket, we affirm on the reasoning of the district court. Young v. Kennedy, No. CA-00-51-5-BR (E.D.N.C. May 12, 2000). We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before the court and argument would not aid the decisional process.
