PER CURIAM:

Appellant appeals the district court's order granting summary judgment to the Appellees in Appellant's complaint alleging violations of 42 U.S.C. § 1983 (1994), the Higher Education Act of 1965, and various state laws. We have reviewed the record and the district court's order and find no reversible error. Accordingly, we affirm on the reasoning of the district court. Finley v. Babin, No. CA-95-2853-3-23 (D.S.C. Aug. 7, 1997). We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before the court and argument would not aid the decisional process.
