PER CURIAM:

Gerald F. Flentje appeals the district court's order dismissing his suit as barred by the statute of limitations. We have reviewed the record and the district court's opinion and find no reversible error. Accordingly, we affirm on the reasoning of the district court. See Flentje v. ITO Corp., No. CA-99-2062-WMN (D. Md. Nov. 10, 1999). Further, because Flentje did not timely request discovery and because his complaint did not support a tolling of the statute of limitations, we find that the district court did not err in failing to order discovery. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before the court and argument would not aid the decisional process.
